

Windows of Discovery

~ Unique Art Workshop Opportunities ~

Your chance to make art inspired by Sir Laurence Whistler's exquisite engraved windows including a short tour exploring the windows' origin and meaning. We will be exploring various art mediums during the day and reflecting in this inspirational space.

No art experience necessary! Just join us for a day of peace and sanctuary in this church, graveyard and local gardens. We will be silent, make art and have insights in the only church in the world with entirely engraved glass. Our creativity will be inspired by some of the themes of the windows: light, hope, the four seasons, transformation and the universe. There will be plenty of time to observe and sketch, use your imagination and be mindful in these beautiful spaces.

We will ask you to bring a packed lunch to enjoy during a shared lunch session.

Workshop leader John Harley is a dramatherapist and minister, who has led retreats for the Art and Spirituality network, and been an art teacher for twenty years. He is especially interested in harnessing art making and creative exercises to get in touch with our spiritual and intuitive selves.

Saturday June 9th 2018 from 10 a.m.— 4:30 p.m.*
